

BEER PASSPORT

*I'm old enough
to party.
Chicka chicka yeah!*

Since 1987 Bottlescrew Bill's has offered its world famous passport:
Join thousands of other Calgarians and world travellers on our walls of fame.

AROUND
THE
WORLD

~ABOUT YOUR PASSPORT~

- The Passport is not valid unless the bearer has inserted his/her particulars into the appropriate fields. (Including phone number if you're cute)
- The Passport will be kept behind the bar at no additional charge. Visa stamps will only be issued for beers consumed at Bottlescrew Bill's.
- Passport must be produced at the time of consumption in order to receive a stamp.

~HOW IT WORKS~

- The bearer of this Passport has one year from the date issued to complete a global tour by drinking his/her way around the world as follows:
- By referring to the Passport List, the bearer will consume a total of 80 beers, preferably in the order in which they appear. Each time a beer is consumed, the bartender will stamp the Passport in the appropriate space.
- If you fail to successfully circumnavigate the globe in twelve months, you will be presumed lost in a beerless desert and your Passport will be destroyed. (After we have posted a picture of your distinguishing characteristics on the bulletin boards in the main washrooms.)
- Once you've successfully circumnavigated the world within the allotted time period, the bearer will:
 - be enrolled in Bottlescrew Bill's Around the World in 80 Beers Club as an honorary member
 - receive - completely duty-free - a beautiful glass mug and unique logoed garment to commemorate them
 - have their name tastefully engraved on a brass plaque to be placed in a prominent position in the pub, displayed in perpetuity

~FINE PRINT~

- The bearer agrees to surrender their Passport when required to do so by an authorized officer (bartender or server). --- Circumstances that might require this action include but are not limited to: excessive drunkenness, outright profanity or performing the Full Monty in the bar.
- We'd also like to remind you not to drink and drive. We reserve the right to to refuse service to intoxicated patrons. Abuse of this Passport may result in temporary or permanent exile to a lesser drinking establishment.

~SUMMARY~

Price Per Passport: **\$5**
Number of Beers to Consume: **80**
Time Allotted to Consume: **One Full Year**
Feeling of Accomplishment and Pride: **Priceless**

BEER TASTING GLOSSARY

*Some serious travellers keep detailed notes of their voyages; others frequently forget the name of their hotel. As a memoir of your journey **Around-The-World-In-80-Beers** we suggest jotting down the occasional bon mot regarding the flavour and taste characteristics of the various beers you encounter.*

MALT

The sweetness and richness of a beer usually comes from the barley (or other lesser cereals such as rice or corn). The barley is malted and then roasted - the degree of roasting affecting (among other things) the colour.

HOPS

The spiciness and flowery aroma of a beer is often influenced by the use of various hops in the later stages of the brewing process. These often show their presence by a dryness or tartness in the finish.

BODY

A well-made beer has a good balance between malt and hops, is sufficiently (and not overly) carbonated for its style and has an alcohol level that matches its flavour and mouthfeel.

FINISH

The taste left in a one's mouth after swallowing the beer determines whether (or how soon) one will order another. This subjective feeling, like or dislike is crucial to one's enjoyment of the beer and the mood and friendship of one's drinking companion(s).
